Advertisement for Project Assistant Position in International Centre for Materials Science

The International Centre for Materials Science (ICMS) and Chemistry and Physics of Materials Unit (CPMU) of JNCASR invites applications from motivated and eligible Indian candidates for the position of a Project Assistant (PA) to work with Dr. Bivas Saha on thin film and heterostructure/superlattices for applications in solid state energy conversion devices.

Eligibility: M.Sc. (Physics and Materials Science), M.E./M.Tech. (Materials Engineering, Electrical Engineering, Instrumentation and Electronics Engineering and all other related areas).

Desirable: Candidates with prior knowledge and experiences in thin film and heterostructure/superlattice growth and characterization, nanoscale energy transport and conversion mechanism and device physics are strongly preferred.

Stipend: Consolidated Salary of Rs. 20,000 per month.

Duration of the appointment: Minimum one year of commitment, subject to extension based on the performance.

Application Deadline: While the position will remain open until a suitable candidate is chosen, applications received by **December 27th, 2019** will receive full consideration.

Starting Date: January 1, 2020.

Interested candidates are requested to contact Dr. Bivas Saha directly with their CV
