

## Introduction

KHPT is a not-for-profit charitable entity that spearheads focused initiatives to improve the health and wellbeing of communities in India. In 2003, KHPT was founded with a mission to enhance the health and wellbeing of vulnerable communities and our journey started with the focus on reducing the prevalence of HIV in Karnataka, specifically among most at-risk populations. These interventions were evidence-driven, systematically planned, rigorously implemented, and monitored. We succeeded in scaling impact well beyond Karnataka and KHPT became a learning site for innovative approaches. We work primarily in the fields of Maternal, Neonatal & Child health (MNCH), Tuberculosis (TB), Adolescent Health (AH), and Comprehensive Primary Health Care (CPHC).

KHPT received funding support to focus on Improving Early Childhood Care & Development through a life cycle approach – a pilot intervention in rural Karnataka. The proposed pilot will be undertaken in four blocks of the Tumkur district i.e. Kunigal, Tumkur, Gubbi and Turuvekere. This position will be a part-time position i.e for a period of 2 months

## Field Investigator

Positions: 12

Location: Kunigal & Turuvekere (6 positions each), Karnataka
