Introduction

KHPT is a not-for-profit charitable entity that spearheads focused initiatives to improve the health and wellbeing of communities in India. In 2003, KHPT was founded with a mission to enhance the health and wellbeing of vulnerable communities and our journey started with the focus on reducing the prevalence of HIV in Karnataka, specifically among most at-risk populations. These interventions were evidence-driven, systematically planned, rigorously implemented, and monitored. We succeeded in scaling impact well beyond Karnataka and KHPT became a learning site for innovative approaches. We work primarily in the fields of Maternal, Neonatal & Child Health (MNCH), Tuberculosis (TB), Adolescent Health (AH), and Comprehensive Primary Health Care (CPHC).

KHPT in collaboration with Global Alliance for Improved Nutrition (GAIN) has entered into an agreement to implement the project titled “Scaling up fortification of edible oil, milk and wheat flour in select geographies of India” so as to curb and tackle the endemic and widespread micronutrient deficiency in priority states in India. KHPT invites applications from committed, compassionate and competent persons for the position(s) mentioned below.
